

TRANSACTIONS OF DAVIS ARE TO BE 'FULLY EXPLAINED'

Statement of Charles J. Margiotti, Senator's Chief Counsel

TO SHOW THE RECORDS

Government Introduces Purported Transactions at "Lottery" Trial

NEW YORK CITY, Sept. 22.—Checks and black and red figures in bank records will again play important roles in the continuation today of the trial of U. S. Senator James J. Davis, of Pennsylvania, former director-general of the Loyal Order of Moose, charged with violation of the national lottery laws.

The government is attempting to show that \$100,000 from the proceeds of the \$3,000,000 Moose charity ball, alleged to have been lotteries, passed into the personal account of the former Secretary of Labor.

However, Charles J. Margiotti, Pittsburgh, chief counsel for Davis, stated today that the financial transactions introduced by the prosecution will be "fully explained" when the defendant presents his side of the case.

Through Milton Carnahan, auditor of the Fidelity Trust Company of Pittsburgh, the government introduced the following purported transactions:

In 1927, Mrs. Jean R. Davis, wife of the Senator, obtained a note for \$150,000 on collateral of numerous securities in her husband's name.

On October 1, 1930, there was a balance due on her note of \$127,418.50 plus interest of \$658.32. On that date her note was paid through a check drawn from the account of the "Organization Department" of the Moose.

Gandhi Determined To Win His Point

PODNA, Sept. 22.—(INS)—Famished by his "fast unto death" which already has lasted more than 48 hours, Mahatma Gandhi lay on his cell cot in the Yeravda jail here today, grimly conserving his energies for his struggle.

The Mahatma took nothing but water, which he sipped at regular intervals. Meanwhile, it appeared likely the political differences between the caste Hindus and the "Untouchables" over the British electoral plan would be settled, thus enabling the starving "Saint" to abandon his fast within two or three days.

Gandhi began the fast in protest against the British electoral plan providing separate representation for the "untouchables," holding this communal system would mean disaster for India.

Malaviya Rajah, high Hindu leader, issued a statement shortly after noon which said that Gandhi was becoming exhausted by his fast and urged the people to appeal to Prime Minister J. Ramsay MacDonald to bring the communal matter to a settlement.

It was learned, meanwhile, that leaders of the caste and "untouchable" Hindus had not been able to reach an agreement yet, and would see Gandhi again during the afternoon.

Woman Dies, Husband Ill; Ate Toad Stools

PHILADELPHIA, Sept. 22.—(INS)—Eating poisonous toadstools in the belief that they were mushrooms, had resulted today in the death of a woman and in her husband being in a critical condition in Pennsylvania hospital.

The dead woman is Mrs. Anna Polito, 26, of this city. Her husband, Joseph Polito, is not expected to live. They were rushed to this city from their farm near Trenton late yesterday.

On Saturday, police learned, the couple and their small daughter, Oliva, gathered a basket of toadstools while hunting for mushrooms. That evening the mother and father ate a hearty meal of the toadstools. The little girl refused to eat them. Within a few hours both parents became seriously ill. A physician diagnosed their case as "food poisoning," but was not told of the toadstool dinner. Yesterday their condition became so alarming that they were rushed here where the mother died within a few hours.

ANDALUSIA

Miss Marcia Beck, Washington, D. C., is making an extended visit with her sister, Mrs. Forrest Jackson.

Mrs. Mary Jackson and son, William, spent Sunday with Mr. and Mrs. C. Calhoun, West Philadelphia.

Reformed Dope Fiend Is Drawing Big Congregations

CROYDON, Sept. 22.—Anthony Zeoli, nationally known, is speaking this week at Wilkinson Memorial M. E. Church, here. Mr. Zeoli, for nine years a dope fiend, for six years a convict in the Eastern State Penitentiary, saved from the shadows of the electric chair, is conducting a series of special meetings each night at 7.45.

A full church awaited Mr. Zeoli Sunday night at which time he gave the initial message of the series. His subject was "The Greatest Thing in the World." On Monday night, there were people from Bristol, Eddington and Andalusia at the meeting to hear Mr. Zeoli speak on the deity of Christ under the heading, "What Think Ye of Christ?" Tuesday evening witnessed even a greater number present and the audience went away greatly pleased with the message on "The New Birth." Last night Rev. A. G. Solla, pastor of Presbyterian Church of Our Saviour, Bristol, and Rev. W. S. Voorhes, Eddington, each headed a delegation. Mr. Zeoli's subject was "The Contrast Between Law and Grace."

Mr. Zeoli's manner of speaking is very pleasing and the fact that his messages have been well received is attested by the increasing number of persons present at each meeting.

"The Second Coming of Christ" will be the subject for tonight; and tomorrow night Mr. Zeoli will speak on "The Holy Spirit."

There will be no meeting Saturday night, but there will be three big services Sunday. At 11 a. m. Mr. Zeoli will speak in the church on "Contradictions of the Bible." There will be a mass meeting at 3 p. m. and the subject at that time will be "Can A Person Die Before His Time?" The closing meeting of the series will be held in the Manor Theatre, Bristol Pike, Croydon, on Sunday evening at 7.30. Mr. Zeoli will tell the story of his life, "From Prison to Pulpit," at this last meeting. An overflow crowd is expected.

Extend Penalty Period On State and County Taxes

The Bucks County Commissioners have extended the penalty period on all State and County taxes from July 31st to September 30th, according to an announcement made today by the Commissioners.

The announcement states, however, that after September 30th a penalty of five per cent will be added on all unpaid taxes.

WORLD-FAMED SHOWMAN TO BE AT DOYLESTOWN

Professor Schulz, Who Has Trained All Kinds of Animals, Booked for Fair

IS A FREE ATTRACTION

DOYLESTOWN, Sept. 22.—One of the most interesting figures in the show business is scheduled to appear at the tenth annual Doylestown Fair during the five days and nights starting a week from today, September 27th, in the person of Prof. William Schulz, who has achieved a world-wide reputation as an animal trainer, and who can justly boast of having trained every type of animal from the mouse to the elephant, wild or domestic.

At a meeting of the fair directors and department heads today, Dr. H. W. Turner, of New Hope, president of the fair, announced that Schulz's animal circus, "a challenge to all jungle and domestic animal acts," will be the outstanding free attraction at the Doylestown Fair this year.

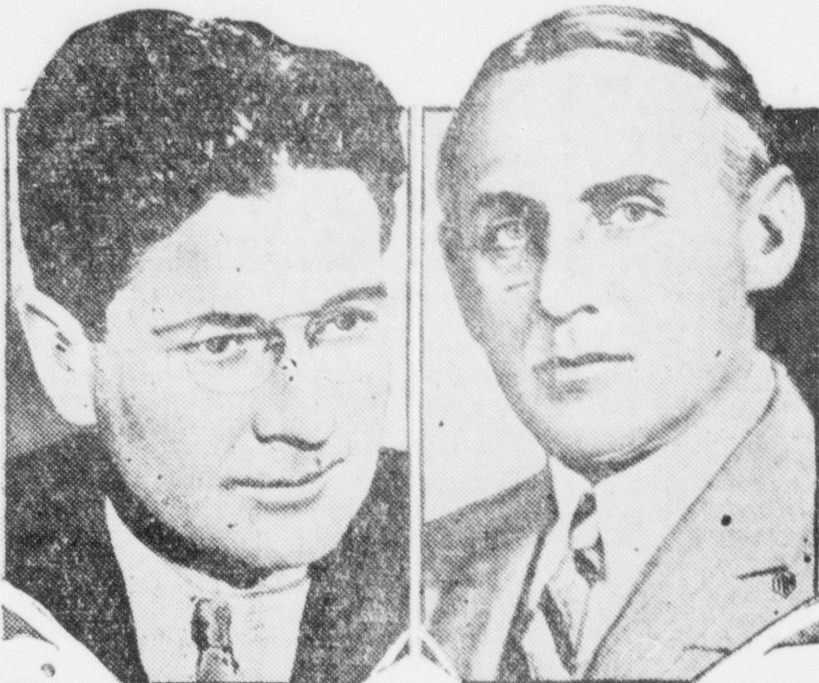

The circus, which played Coney Island and is coming to Doylestown direct from the world-famous Canadian National Exhibition in Toronto, will give the Doylestown Fair the finest free act entertainment of any fair in this section of the United States this year.

One of Schulz's feature offerings will be his elephant act consisting of "Mighty," the mammoth mastodon, two small ponies, and three dogs.

But the most sensational feature of the Schulz circus, according to President Turner, will be that of the exhibition of trained lions presented by Miss Marian Knowlton, the world-renowned animal trainer, when she enters her den of fierce, ferocious, forest-bred lions. Miss Knowlton, who narrowly escaped death recently in the same act at Coney Island, when she was attacked by a lion and removed to a hospital where she remained for ten weeks, will again take charge of the act at the Doylestown Fair next week. A marriage in the lions' cage will take place some time during fair week.

Although the fair is a week off, already the advance guard of concessions (Continued on Page 5)

La Follette and Conqueror

After one of the heaviest votes ever cast in the State primaries, Governor Philip La Follette (left), of Wisconsin, champion of the Progressive faction, went down to defeat before former Governor Walter J. Kohler, Jr., Conservative, for the Republican nomination for Governor. Observers say that Kohler's victory is significant inasmuch as it is an indication that the La Follette dynasty, which has governed Wisconsin over a period of a quarter of a century, has fallen from power.

EXPECT TO START WORK ON HIGHWAY SOON ELLIS PARKER WANTS TO QUESTION FIRE-BUG

Project Through Bensalem To Get Under Way Within Week

FINISHED IN 145 DAYS

It is expected that work on the new "air-line" highway connecting the Roosevelt boulevard with the super-highway across New Jersey, above Trenton and leading to the Hudson Tunnel will start within a week.

Officials of the Union Paving Company, Philadelphia, which has the contract, so informed the Courier today. The contract is for \$245,679.53 and includes the cost of construction of a concrete bridge over the Neshaun Creek.

The work is to be finished in 145 working days.

The new highway which is to be built is to relieve traffic on the present Lincoln Highway.

Fifty per cent. of the expense will be borne by the Federal Government and the other half by the State of Pennsylvania, with Bucks County paying the property damages. It will result in the spending of a half million dollars in Bucks County. The specifications call for the employment of local labor wherever feasible.

Previous to determining upon this route, State and Federal engineers studied the various problems involved. They first took up the question of widening the present Lincoln Highway which follows numerous curves, devious courses and elevations. This project was abandoned as not being in harmony with modern traffic requirements and good engineering.

The proposed route covers 12 miles in Bucks County and will be an air-line highway consisting of four traffic lanes each ten feet wide with ten-foot shoulders over a right-of-way 130 feet wide.

That section of the Lincoln Highway which runs through Bucks County carries the most traffic of any highway in Pennsylvania, according to the State Highway patrol. The average is one accident each day throughout the year. The highway patrol at South Langhorne is one of the largest in the State.

Children Have Tonsillitis; Not Infantile Paralysis

Numerous reports have been in circulation to the effect that two children suffering with infantile paralysis had been brought to Bristol from Philadelphia.

Police today checked the report and found that two children suffering with tonsillitis had been brought to the home of an aunt here. The children were examined by three Bristol physicians and the cases were diagnosed as tonsillitis.

The children had no one to care for them in Philadelphia and so were brought to the home of their aunt here.

Radio and Pinocle Are Enjoyed at Party Here

Last evening, the P. O. of A. held a card party in F. P. A. Hall. Pinocle and radio were played. Eight tables of players were arranged in pinocle. The five highest contestants and scores: Mrs. Pearl Burns, 781; Miss Marion Smith, 751; Mrs. John Bruden, 737; Samuel Moore, 704; Mrs. Carrie Keers, 700. Those high in the game of radio were: Gilbert Lovett, 2784; Mrs. Irene Simons, 2706; Mrs. F. Goheen, 1482; Warren Thompson, 1433.

Refreshments were enjoyed. Mrs. Cabonne was chairlady of the party.

Believes Michael Farrell Fired Barn in Pemberton, N. J., On June 5th

ASKS FOR MCGEE'S AID

It developed today that Michael Farrell, the alleged fire-bug who terrorized Bristol residents for several days, was at one time under arrest in Pemberton, N. J.

Burlington County Detective Ellis Parker today informed Fire Chief James L. McGee, of Bristol, that Farrell was suspected of firing a large barn in Pemberton on June 5th. Farrell was arrested by the Pemberton authorities but released before Parker had a chance to question him.

Parker has requested McGee to question Farrell concerning the firing of the Pemberton barn. It is stated that the owner of the barn has been unable to get his insurance money because of the release of Farrell.

Farrell undoubtedly has been roaming through this section for several months. He was recognized by the police as having been given lodging in the municipal building here four times since April.

Tables at K. of C. Card Party Total Twenty-One

Knights of Columbus held a card party in their home Tuesday evening, which proved a successful affair and 21 tables of players were formed for pinocle, "500" and bridge. There were many beautiful prizes distributed to the winners.

The five highest scores in "500" were attained by: Miss Margaret McIlvaine, 5479; Miss Ellen Mulligan, 5410; Miss Gertrude Roche, 5230; Miss Marcella McGinley, 5180; Mrs. N. J. McGinley, 5170.

Pinocle—Mrs. William Ennis, 833; A. Calhoun, 787; M. O'Shanan, 783; Mrs. Perrin, 761; Mrs. A. Barnfield, 753. Miss Alice Gallagher was high contestant in bridge.

It has been decided to keep the scores of the players of all card parties given by the Knights during the winter and at the close of the season, the scores will be added and to whoever attains the highest scores in "500" and pinocle during that period, cash prizes will be awarded.

FIREMEN CROWDED

(By "The Stroller")

There was a decided traffic jam in the sleeping quarters of the Bristol Consolidated Fire Department during the hectic days when the fire-bug was running rampant here.

The sleeping quarters are equipped with single beds for the firemen and in addition to the two paid men, there are beds for guest sleepers. When the alarms became so frequent during the late night and early morning hours a large number of volunteer firemen decided to sleep at headquarters so as to be ready to answer alarms more quickly and thus prevent the fire-bug doing any great amount of damage.

Frequently there were two firemen in every bed and the congestion became so great that one night the smoke eaters had a difficult time keeping their wearing apparel separated. They all enjoyed the experience however and never a groan was heard either from the men sleeping under very uncomfortable conditions or the fellows doing watchmen's duty in the section being frequented by the fire-bug.

They were just all good sports rendering a community service unknown to the taxpayers and residents of Bristol.

MILK PRICE CUT LIKELY

Phila., Sept. 22.—A reduction in the price of milk to meet the competition of independent companies, was to be considered today by the larger milk companies of the city. A three-hour conference yesterday ended in a heated discussion when foreign representatives, who attended the meeting, protested that a further reduction in the price of milk would mean their financial ruin.

STARTS CAMPAIGN

Garden City, N. Y., Sept. 22.—"I have," said Cornelius Vanderbilt Whitney, "a mighty big job on my hands." He looked over a cluster of curious faces, gathered around his big open touring car as William J. Dalton, ex-mayor of Long Beach, roared "Ladies and gentlemen!" in preparation for a street corner meeting. It was the start of his campaign as Democratic nominee for Congress from Long Island.

DENIES "WRONG-DOING"

Los Angeles, Calif., Sept. 22.—A vigorous denial of "wrong doing" was the answer today of Corlis Palmer Browner, the "Georgia Peach," to a \$100,000 heart balm suit charging her with pilfering the love of a married man.

The suit was brought by Estelle A. Cohen, wife of Albert J. Cohen, actors' agent.

Mrs. Cohen, daughter of a Philadelphia manufacturer also named the blonde beauty as co-respondent in a divorce suit filed simultaneously with the damage action. Miss Palmer, estranged wife of Eugene Brewster, millionaire magazine publisher, admitted she was "real friendly" with Cohen, "But I am not guilty of wrong-doing; our conduct has been very circumspect," she added.

PHILADELPHIAN ARRESTED HERE IS GIVEN FINE

Louis Bowers, 32, Has Prison Sentence Suspended, However

HAD BEER ON TRUCK

Doylestown Defendants Are Found Not Guilty, Assault and Battery

DOYLESTOWN, Sept. 22.—Pleading guilty to possessing and transporting liquor Louis Bowers, 32, Philadelphia, who operated a truck containing 92 half-barrels of beer was sentenced to pay the costs of prosecution, a fine of \$100 and undergo prison sentence of not less than three months nor more than one year, which was suspended. Bowers was placed on probation for a year.

Bowers was arrested south of Bristol by Highway Patrolmen who later turned him over to State Troopers from Morrisville.

Three Doylestown defendants were found not guilty on an assault and battery charge.

William Ketters, 30; Norman Case, 32; and Frank Kentopp, 38, all of Doylestown, were acquitted after being on trial before Judge Calvin S. Boyer.

The fourth member of the quartet, John Donovan, 21, also of this place, was given a suspended sentence by Judge Boyer after the jury convicted him of an assault committed on Mattie Moll, seventy-three-year-old tailor, who was beaten unmercifully on August 14.

The plaintiff, Mattie Moll, identified Donovan as the assailant who beat him during a drunken brawl in his tailor shop late one Saturday evening. According to Kentopp, the quartet gained entrance to the old man's establishment, which serves as his shop and living quarters, on the pretext they had trousers to be pressed.

A brawl and fracas ensued when the plaintiff refused to indulge in a "liquor spree." It was testified that Donovan beat Moll so that it was necessary to take him to a hospital for treatment.

Officers Scott Case and William Hendricks, who apprehended the defendants, were witnesses for the Commonwealth.

Ketters, Kentopp and Case were sentenced to pay the costs of prosecution, while Donovan will be placed on probation for a year.

The entire quartet of defendants served time for a drunk and disorderly charge which was placed upon them by Justice of the Peace W. Carlisle Hobensack, immediately following the crime.

Charged with forgery, Eric E. Hanf of Applebachville, pleaded guilty and was given a suspended sentence by Judge Calvin S. Boyer, who directed him to pay the costs of prosecutions and a fine of \$50 and placed him on probation for a three year period.

Howard G. Keller, former Perkasie business man, who was the plaintiff, testified that on two different occasions the defendant forged his name on notes.

The first offense was the forging of Keller's name on note amounting to \$50 and the second note amounted to \$150. The defendant stated he needed the money to pay for the rent and realized he "was a fool to do it."

Before imposing sentence Judge Boyer warned Hanf of the seriousness of his crime. "The Court is giving you a chance. Many Courts would have sent you to the penitentiary, but I will give you another opportunity to go straight."

The defendant promised to pay the money he owed Keller in installments of \$5 or more. He informed the Court he could obtain a position in a sweater knitting mill in Philadelphia.

Frank Laur, of Perkasie R. D. 2, pleaded guilty before Judge Keller to a charge of possessing intoxicating liquor at his farm on May 14th, when State Police from Doylestown raided it. The officers seized 34 bottles of beer in the cellar of the Laur home. Laur testified that a barrel of mash found in the chicken house was "chicken feed" and not rye mash for making whiskey. Laur said his wife made the home-brewed beer for their own use but that he never sold any liquor.

An old wash boiler which the police said looked like a still, was accounted for by Laur who said his son collected it for old scrap.

Mark Thatcher, Perkasie attorney, in addressing the Court, said that cases of this type are the kind that disgust people with the prohibition laws. In this instance, Mr. Thatcher pointed out, a complaint was registered by a neighbor that Laur was selling liquor, when as a matter of fact there was no evidence of sale, but in spite of that fact a search warrant was issued to search a man's own home.

"If a survey was made in any community a large percentage of the inhabitants would be brought into court for possessing home brew or wine," Mr. Thatcher declared.

Judge Keller fined Laur \$150 and (Continued on Page 6)

MAYBE IT WILL BE MILD

All one needs is faith in long-distance weather forecasting to rest comfortably and complacently in the knowledge that there will again be little coaling and snow shoveling next winter, for a federal meteorologist has it all figured out how the country is in for another mild winter.

It seems that the cold and warm years run in cycles and that the United States is just now lolling in a succession of years abnormal as to temperature. The current upward trend in temperature began after the hard winter of 1918 and has as yet shown no signs of changing its course. Abnormally high temperatures have prevailed every month this year with the exception of March.

Mingled emotions greet the prophecy of a mild winter season. The coal industry and snow shovel interests hope the weather man has missed again. Their prayer is for a good old-fashioned winter with mountains of snow and tree-cracking temperatures from October to May.

Not so the jobless, the coalless and the furless. Another short, mild winter would prove a blessing to those who know not from whence next winter's coal is coming.

Cold winters make work for the coal miner, railroad and wood-chopper; temperate winters keep the road builders and building trades at their jobs. So no matter whether Old Man Winter blows hot or cold he will be wrong in the estimation of some. As for the weather man, he has done the best he knows how.

BRIGHTER TRADE PROSPECTS

That the United States has struggled since 1929 against an irresistible ebb tide of world trade is proved by the world economic survey just published by the League of Nations. That American business should be carried far out to sea by the force of this tide was inevitable.

In 1929 the value of world trade was \$59,685,000,000; in 1930 it had fallen to \$48,195,000,000; in 1931 it was down another 10 billion and the prospects for the current year are for a volume of only \$25,000,000,000. Here is a slump just short of 60 per cent which the United States, long dominant in world trade, has felt most keenly.

America was the last to be embraced by these unfavorable world trade conditions which caused 19 nations to abandon the gold standard and prohibit gold exports and led every important country and many of minor importance to adopt measures affecting international business. Long did it stave off the inevitable but the events of the last three years had to come.

Business in the United States has displayed amazing energy and initiative in finally escaping the undertow and making for the shore where lie economic stability and security. Last to go down it is the first to come up. Europe, Latin America and Australia dragged Uncle Sam down and then expected him to pull them up. He is engaged in that great labor at this moment.

The bus never can equal the locomotive. Passing through a village at 3 a. m., the driver can't awaken third of the natives.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't take for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

PARIS TAILORS ADD
FANCY TRIMMINGS
TO FALL MODELS

By Alice Langelier

(I. N. S. Staff Correspondent)

PARIS.—Tailored costumes are turning to more trimmings for early autumn wear. Retaining the tradition of perfect cut and exquisite fit, French tailors have also decided to add a dash of ornament to their classic costumes.

The new heavy wools in diagonal patterns are often used in two-color combinations such as beige and dark brown, blue with red, etc. All the models are distinctly fitted with skirts straight, or slightly flared by gores. Incrustations are prominent, as well as intricate stitchery and worked pockets. Nickel buttons come in elaborate rows down the front and on tabs of cuffs. Large nickel buckles come on belts.

Fall Distinction

One of the most popular of the models shown at the recent Fall fashion show in New York, this charming street ensemble will win many adherents during the coming season. It is of dull and shiny satin, with a cape of Persian lamb embroidery. Camille Bartlett is the charming model.

O'Rossen is showing a brown velvet tuxedo cut fashion, with the skirt held up by velvet suspenders and worn with white crepe blouse.

Pierre d'Ascan adds small castor collars to some of his smartest tailors, accompanied by Rodier scarfs and large pleated silk and wool squares in white, red and black or other autumn color combinations.

Worth trims a black and white fantasy jersey with galls and a rough tweed suit has dark red trim. Another designer even puts leg o' mutton sleeves or epaulettes on his tailors of heavy ridged fabrics.

SKIRTS FOR WINTER
WALK THE STRAIGHT
AND NARROW PATH

By Alice Langelier

(I. N. S. Staff Correspondent)

PARIS.—(INS)—Skirts are going to walk the straight and narrow path this winter according to the latest reports from the dressmakers in Paris.

Skirt hems no longer dip. They are straight and of the sports order. Morning and afternoon ones differ

ever so slightly in length one from the other. They are modulated accordingly from mid-to lower calf level. Circular, diagonal swerves, and every other form in full widths are eclipsed, but the terribly tight tube effect is avoided.

Skirts for day wear are often wrap-around, with large tucks and one or two pleats for fullness.

Divided skirts for sports and the morning walk are popular in black and white checks, dark brown, and black stripes with a plain tailored coat. Schiaparelli, who first launched the divided variety, is showing one in a lovely hyacinth-blue tweed, with

legs cut "en forme," a distinct departure from the pleat by which the division is usually hidden.

Louiseboulanger is showing the "zouave" trouser effect on evening gowns, one in a dark and pale blue print has a design resembling an old Paisley shawl.

Another dressmaker features evening skirts slashed on the sides with color or designed with panels beneath which a second colored panel shows up as the wearer walks. Some are slit up sufficiently to show the leg as far as the knee when dancing. Nearly all evening gowns just touch the floor. Very few have trains.

World-Famed Showman To Be At Doylestown

(Continued from Page 1)
sionaires is arriving on the grounds. Reports from the department heads submitted today indicate that in spite of 1932 being a so-called "off year" for fairs, the entries which close tonight, will be as large as ever before. The rabbit and cavy show already has over 1000 separate entries from as far west as Denver. The two-day horse show has attracted entries from many of the outstanding Pennsylvania and New Jersey stables, with an unusually large number of jumper classes. The horse show will be held on September 29th and 30th. Harry Kelly, secretary of the har-

ness racing department, will close his entries tomorrow night. At the present time he has over 150 head of the leading steeds in the East entered in the various events.

No change has been made in the outlined schedule for fair week, which calls for "Children's Day" on Tuesday; "American Legion Day" on Wednesday; "Doylestown Day" on Thursday, and "Politicians' Day" on Friday in addition to "Horse Show Day." Saturday will be featured by an additional harness racing program.

CHURCHVILLE

A meeting held in the Churchville Club House by a number of young folks of this vicinity, resulted in the organization of a junior membership auxiliary to the present Churchville Club. George Stockburger was elected president; Jesse Hawkins, vice-president; Miss Miriam Tomlinson, secretary, and Cornell Alburger, treasurer.

The purpose of this organization is to promote the social and civic welfare of the young people of the community. At the present time the club consists of thirty-one members who have all the rights and privileges of all the activities contained in the various club rooms. It is expected that the Junior Club will grow rapidly as there seems to have been a lot of interest shown by a great many of the young folks.

Dances and other social activities will be given from time to time.

Mr. and Mrs. Harry McKinney and son, Samuel, and Jack Nixon, Newtown, spent the week-end at Blooming Grove.

Miss Hazel Root, Burholme, is spending the week with Mrs. Edward Baner.

Mr. and Mrs. Hugh Dougherty entertained Mr. and Mrs. Hershman, and Mrs. Jacob Weber, Philadelphia, on Sunday.

Hudson proudly presents the

Essex TERRAPLANE

What a Car! — and the lowest-priced Six in America!

\$425

and up, f. o. b. Detroit

The **ESSEX TERRAPLANE** is here — on display at your Hudson-Essex Dealer's. See it, ride it, you may not need to put down one cent in cash to have it

Back of the **ESSEX TERRAPLANE** is not only more than 200,000 miles of road-testing, but the experience and capacity of Hudson, one of the oldest and most progressive manufacturers in the automobile industry — a company which for nearly a quarter-century has been distinguished by advanced engineering, sound manufacturing and dependable value in all its products

A new TYPE and KIND of Automobile

Two brothers named Wright flew a power-kite off the bleak sands of Kitty Hawk, and gave to the world the airplane. Genius and daring, seeking new thrills, added hulls and keels to winged motors — and gave us *hydroplane*.

Today, the earthbound automobile takes on phantom wings — and you have the **TERRAPLANE**!

Not only a new model but a new *kind* of automobile, it springs full-powered from the independent, daring, Hudson-Essex engineering that has contributed more than 60 "firsts" to automotive progress.

Because it skims the roadways of old *terra firma* with a fresh, smooth, soaring action akin to flight, Amelia Earhart christened it the **TERRAPLANE**.

Its new engineering principle is *pneumounted power* — power set free — with the highest ratio of power to weight ever achieved in a production car here or abroad. Its unit body-and-chassis construction is the first achievement of complete structural entity in any car.

In performance it out-starts, out-climbs, out-runs, out-curves and out-stays cars three times its weight and ten times its price.

BASEBALL SERIES IS WON BY THIRD WARD

In the final and deciding game of a three series the Third Ward All-Stars defeated the Fourth Ward Shamrocks at Sullivan's field yesterday afternoon, 5 to 4.

By winning this series the Langtown boys claim the independent baseball championship of Bristol as they have defeated all various teams, having a record of 20 wins against one defeat.

Jimbo Lake toed the slab for the downtowners and again stood in the limelight, as he mastered Durn Dugan in a great pitching battle between the two veterans, Jimbo fanning 14 of the fourth warders, while not issuing a single pass; Durn having one less strike-out than his superior, gave away a quartet of pass-ports to his rivals.

Crute Hagerman the "old maestro" of the "Pikers," continued his consistency of hitting, as he poled out two safe bingles.

"Camel" Breslin's double in the fifth frame was the longest clout of the contest.

BOWLING RESULTS

In a closely played match last night on the Bristol alleys the Amisson team took three points from Harriman winning the first two games and total pins and losing the last game by the close margin of 11 pins.

Brooks was high man with a total of 544 and a high single of 200.

ROSE WILL AGAIN DRIVE AT LANGHORNE

Maurie Rose, spectacular little Jew- ish pilot from Dayton, Ohio, who dis- pensed an abundance of thrills to the spectators at the Langhorne Speedway meet last August, winning the 50-mile feature race against a big field of the

greatest auto racing drivers in the country, will again display his wares at Langhorne on Saturday, September 24th.

Rose wired his entry to Joe Dawson, A. A. A. zone supervisor for the Phil- adelphia district.

Langhorne gave Rose his first op- portunity to become a major league speedway star. For three years he has been known as "The King of the mid-west bull-rings" as the one-half mile banked tracks are known to racing fans. After winning at Lang- horne, Rose copped the feature race at Readville Speedway, Boston, on La- bor Day, and last Saturday in Detroit he defeated Freddy Frame, "Wild Bill" Cummings and about every prominent driver east of the Rockies, except Billy Arnold, who will not resume dirt track racing until he appears at Lang- horne on the 24th of this month.

Rose will have some tough com- petition at Langhorne for Arnold is de- termined to push Harry Hartz's In- dianapolis 500-mile race car to the limit to score a victory over Cum- mings, Rose and the host of other stars to face Starter "Doc" Gerner.

Many of the pilots who have been competing over the one-half mile tracks and at fairs will return to Langhorne to race for a big purse in the final big-league speedway meet of the season in the east.

TULLYTOWN

costs and told him that he was not entirely satisfied with Laur's story concerning the mash which the court chemist testified would not be "very good for chicken feed."

Russell E. Trautman, proprietor of the Naceville Hotel, pleaded guilty to a charge of possessing liquor when the place was raided on May 28th by State Police. Trautman was in court a year ago for violating the liquor laws.

Trautman, a hosiery knitter by trade, said he never sold any liquor at the hotel. He told Judge Keller that he had a hosiery job awaiting him in Hackettstown, N. J. The officers seized beer and a bottle of whiskey in the raid.

Judge Keller told Trautman he had not been fair with the Court since his last arrest a year ago. A fine of \$200 and a three-month suspended prison sentence was imposed. Trautman was

placed on probation for two years. James Kile, 34, of Middletown town- ship, pleaded guilty to a charge of possessing 1912 cases of beer and a small quantity of whiskey at his home on May 19th when it was raided by State Police.

Kile testified that the whiskey was for "his sick mother" and the beer "for his friends."

Kile informed the Court that his mother died Sunday and was buried Monday.

Judge Keller imposed a fine of \$200 and 60 days.

Charged with possessing and manu- facturing liquor for beverage pur- poses, Reuben Dibbadele, of Fair View, Hiltown township, went on trial before Judge Calvin S. Boyer.

Staccato Reese L. Davis, of the State Police, testified he and County Detective Russo searched the defend- ant's farm and discovered a still but not in operation.

A five-gallon keg of liquor and four other one gallon jugs were confiscated by the officers.

Maudie Dibbadele, the defendant's wife, and Dorothy, a sixteen-year old daughter, testified in the defendant's behalf.

The crippled Hiltown marketman, who entered a plea of guilty, was sen- tenced by Judge Boyer to pay costs of prosecution and a fine of \$200 and was given suspended prison sentence of not more than two years nor less than 3 months.

Judge Boyer rebuked the defendant

for carrying on his crime when he must have read in the newspapers the attitude of the Court toward crimes. "I didn't imagine you would steal but you thought it was all right to commit the crime you were engaged in. The Court has no patience with parents who have been loading their children into crimes," stated Judge Boyer.

burning money uselessly!

The fuel that heats your home costs money. And the more that fuel burns, the less it costs you. The evidence is in the heating comfort you get and the ashes you DON'T get!

Koppers Coke burns up—evenly, slowly, respond- ing almost instantly to your regulation. The result is fewer ashes.

When you buy Koppers Rainey-Wood Coke you buy All-heat

There's less waste than in any other solid fuel. Koppers Coke is almost pure car- bon—the real source of superior heat. It's lighter and cleaner. It responds readily. It banks easily. It burns in accordance with your wishes—furnishes exactly the kind

of heat you've always wanted—and can now have!

The best news of all is that Koppers Coke saves you money!

It costs less in the first place. And in your furnace it delivers more heat units per ton. By using Koppers Coke you can save from 15% to 20% of your fuel bill. There's no reason why you shouldn't use Koppers Coke in your furnace—and many reasons why you should! Especially if you want better heat and more sympathy for your pocket- book. Telephone your order today—Koppers Home Heating Service and prompt delivery will please you as much as Koppers Coke. Rainey-Wood Coke Com- pany, Conshohocken, Pa.
